## CANNOT SHIELD EVIL DOERS.

THE so called "Corrupt Practices Act" enacted by the last legislature was an instrument cunningly designed to shield those whose acts would not bear the penetrating light of newspaper inquiry. As a matter of law it is on a parity with other measures passed by the same coterie of jawsmiths and seekers after a little cheap notoriety and is as full of holes as a sieve. It was designed for nothing more than a threat to muzzle the press of Nevada or to condone the remissness of certain papers in refraining from publishing facts about favored sons. The Bonanza takes this occasion to issue notice to the attorney general and all candidates for office that the "Corrupt Practices" law will be treated as a dead letter as it is aimed only at a suppression of truth and works for the election of men who have proved recreant to their trusts and would avail themselves of the slightest pretext to sneak under cover at the first intimation of danger.

The Bonanza does not intend to conform to the tomy-rot ideas of the men who formulated this pure election law. This paper proposes to say what it pleases on all subjects whether they are palatable to the people concerned or not. The honest man has nothing to fear from the Bonanza. The dark lantern methods of back politicians who have dictated policies of every party with which they chose to align themselves are the ones to fear the light. Now it is time to give fair warning to all Democrats and Republicans aspiring to office. Once more let it be said that the Bonanza is going to have something to say about the next election. We propose to do a little politics this time where silence before has been dictated by party interests. There will be no gagging of the press. Neither will there be a bribe with the lines in the hands of any boss to determine the editorial policy. There will be no pull or drag. The truth will go. This is official, final and irrevocable. If the truth cannot be written in this office it can and will be written in jail and the facts heralded in poster type on every blank wall in the State. Courts and officials may do their best to enforce this law which is a direct blow at the liberty of the press. There will be no attention paid to the obnoxious statute and we would like to see some one interfere with this policy of the Bonanza. There will be no straddling or dodging. The Bonanza will hit straight from the shoulder and those who happen to get in the way will have themselves only to blame.

Carson City is the proud possessor of an auto fire fighting machine and makes Tonopah look like a backwoods town. The right kind of an auto is the best machine for a hilly country like this but the commissioners should see they are not bamboozled into buying any inferior equipment. Nothing but the best is what Tonopah wants with the commissions eliminated.

The Carson News is guilty of circulating a statement that labor troubles are impending in Tonopah. Had the editor of that paper taken the trouble to read the Bonanza of last Thursday he would have learned that there is no strike nor is there likely to be any trouble of any kind in this district. The story, as already stated in the Bonanza, was circulated for stock jobbing purposes.

The Carson Appeal says the State gathering of Bull Moosers was "small and select." Just what one could expect from the stature of the members of the party. The select part may account for the fact that they flocked together when all others fled.

The State prison board wisely advertises in Carson papers for bids for supplies, thus shrewdly keeping this business at home. What Carson is willing to give the rest of the State would be stuck in the corner of the eye.

The call for naturalization papers proves that all sons of the green sod are not going back to the Emerald Isle to fight the battles of the Sassenach.

Syphus is another Democratic candidate for governor. Mr. Syphus is quite prominent in his county, which abuts on the Utah line.

There is no falling off in the business before the Board of Pardons. Seventy-five petitions are on the docket for the next meeting.

## Guaranteed Cough Remedy

When you treat a cough you want to cure it, not merely "drug" it into silence temporarily. The almost universal custom of placing opiates or other narcotic drugs in cough remedies makes it hard for people to select one that is safe to use and certain in results. Our

### MENTHOLATED TAR AND WHITE PINE COMPOUND

is such a remedy. It contains no dangerous drugs and is a safe family cough remedy, which can be used freely by children or adults. When you need a cough remedy, get this harmless one. You'll adopt it as the one to keep in your medicine cabinet.

## Weak Lungs Often Lead to Serious Illness

If you have weak lungs, you are generally subject to colds or throat trouble and easily susceptible to serious Lung Trouble. In many cases pneumonia or bronchial troubles leave the lungs in a much weakened condition. Eckman's Alternative is a medicine for the throat and lungs which has been found to be very beneficial, even when a change of climate and other treatments failed to bring relief. Read of this case of a man who contracted a very severe cold, which settled on his lungs. At last I began to raise sputum, and my physician then told me I must go to California immediately. At this time I was advised to take Eckman's Alternative. I stayed at home and commenced taking the last week in October. I began to improve, and the first week in January, 1905, resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now seven years since my recovery has been effected, and I cannot praise Eckman's Alternative too highly. I have recommended it with excellent results." (Signed) W. M. TATEM (Above abbreviated; more on request.) Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe throat and lung affections, bronchitis, bronchial asthma, stubborn colds and in up-building the system. Does not contain narcotics, poisons, or habit-forming drugs. For sale by leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries and additional evidence.

### APPENDICITIS CAUSED

BY A WAD OF GUM

The finding of a small piece of chewing gum, about as large as a pea, on the end of the appendix was the unusual circumstance which confronted Dr. Chappell at the Grass Valley Surgical hospital yesterday morning when he operated upon Mrs. Warnke. The piece of gum was as hard as if it had been exposed to the sun. Its presence in such an odd location was probably due to the fact that Mrs. Warnke had swallowed tiny pieces of gum from time to time and they gradually worked their way to the appendix, forming a small round mass.—Grass Valley Union.

### KEDDIE AND WIFE IN

A FLYING MACHINE

W. A. Keddie returned home Wednesday from his visit to California points. Mrs. Keddie and Miss Cora Williams remained below for a longer visit. During their sojourn in San Francisco Mr. and Mrs. Keddie took turns at flying in the air with Silas Christoffersen in a Curtis biplane. Each ascended about 1000 feet with the aviator and remained in the air about 10 minutes, passengers being carried singly by Christoffersen. Both enjoyed their experiences in the air.—Fallon Standard.
